Dear Parent/Guardian,

Hello! I am sending this letter and packet home in case of an E-learning day due to inclement weather. In this packet you will find several smaller assignments for each of our subjects. It is the policy of the school corporation that a student be provided with 90 minutes of instructional material for attendance on an E-learning day, and to avoid any absences on their record. I do not expect this packet to be completed 100%, nor does the 90 minutes of instructional time need to be 90 consecutive minutes. I suggest 3 periods of 30 minutes each to complete this requirement. I will be available to assist students with their assignments via our Inclement Weather Packet at the following times:

I would suggest these times as possible work periods for the students to fulfill the 90 minute instructional period time for E-learning..In the packet you will find: Daily activities, and some worksheets with daily reading activities as well. Again, this packet does not need to be completed 100% but what is completed needs to be returned on our next in-person school day for attendance and credit. Thank you for your time, please stay warm, safe, and email me with any concerns: mbravo@riselearningcenter.org
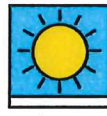

Sincerely,

Maria Bravo

Giraffes

Giraffes are the tallest animal in the the world.

Giraffes only sleep for up to two hours a day.

Giraffes use their large tongues to eat leaves.

Giraffes can run really fast!
