

Hello families!

As we are entering the season of inclement weather, which can include school closings and two-hour delays, I want your student to be prepared in the event of a school cancellation. If there is a cancelation, your student will be expected to complete one math and one reading assignment from the packet I sent home.

We have been practicing working independently and they should be able to do most of the work with minimal help. I have also sent home all the supplies they will need to complete the work. The expectation is that work needs to be completed and turned in the day we return to school.

All of my contact information is listed in the packet. Should you have any questions or concerns, feel free to reach out to me. Also, if students have questions during the snow days feel free to text/call me on my google number.

Hopefully, we won't have to utilize any snow days, but it's always good to be prepared. Have a great evening and stay safe!

Thanks,

Rachal Carrasquillo
