

Dear Parents,

I have sent home snow day packets in the event of a school cancellation tomorrow or the next day. There is a chance we will have severe winter weather tonight, so please be on the lookout for any school delays or cancellations. In the chance that we do have a snow day, please complete however many days we are out worth of work with your child. There is enough work in the packet for 4 days. If the work takes longer than 60 minutes, you can stop there. The state of Indiana requires that primary students only work for a total of 60 minutes on snow days. If you have any questions regarding the work or your child, you can email me from 9 am-2:30 pm at kdubois@riselearningcenter.org. We can set up a Google meet if needed.

Thank you for your help and for all you do!

Miss Karli
