

Good afternoon families,

As we are entering the season of inclement weather, which can include school closings and two-hour delays, I want students to be prepared in the event of a school cancellation. If there is an inkling of a cancellation, I will do my best to send home Chromebooks with students.

We have been practicing logging into google classroom and having google meets so your student is aware of how to log in, complete work, access certain websites and how to click the link for google meets. Their login is attached to this paper. We will meet daily at 12:00PM when a Chromebook is sent home. The expectation is for them to get 8 assignments done each day. If a device agreement has not been signed I will send home a packet with 3 days of work to be completed.

Hopefully, we won't have to utilize any snow days, but it is always good to be prepared. Have a great evening, stay safe and warm!

Thank you,

Jennifer Kortz
